

ResolveDesk AI — Official Refund Policy

Refund Terms & Conditions

Annual Subscriptions

Eligibility: Users who purchase an Annual subscription are eligible for a full (100%) refund within 14 days of the initial transaction date.

Process: Refund requests must be submitted to support. Once approved by our team, the refund is processed immediately, and funds will typically appear in your account within 5-10 business days.

Late Requests: Requests submitted after the 14-day window are strictly ineligible for refunds. The subscription will remain active until the end of the current billing cycle.

Monthly Subscriptions

Eligibility: All Monthly plans are strictly non-refundable.

Cancellations: When you cancel a monthly subscription, you will not receive a refund for the current billing month. You will continue to have access to the platform services until the end of the current monthly billing period.

Exceptional Cases

Under extreme conditions (e.g. system outages exceeding 24 hours or duplicate charges), customer success leads can authorize partial or full manual refunds on monthly plans as an escalation gesture.

Refund Process & Proration Details

Initiating a Refund Request

All refund requests must be submitted directly through the client console (Billing > Refund Request) or via email to billing@resolvedesk.ai. To evaluate the refund, the billing manager checks the registration logs, subscription start dates, and previous renewal transactions in our support system. The customer's details must match the ID logged in our records.

Proration Calculation Guidelines

For plan upgrades, proration is handled automatically by adjusting the balance on the next invoice statement. Refund calculations for exceptional manual cancellations are based on the remaining days left in the current cycle, divided by the total billing period length.
