

ResolveDesk AI — Subscription Management Guide

Subscription Operations

Upgrading your Plan

You can upgrade your subscription from Basic to Pro at any time:

1. Navigate to Billing > Plan Details.
2. Click Upgrade to Pro.
3. Confirm seat allocation and payment details.
4. Your account is upgraded immediately, and your current cycle is prorated.

Downgrading your Plan

To downgrade from Pro to Basic:

1. Navigate to Billing > Plan Details.
2. Click Downgrade to Basic.
3. Choose to complete the downgrade at the end of the current billing cycle. Note: Ensure your workspace complies with Basic plan limits (e.g. up to 5 boards) before the cycle ends to avoid data lockouts.

Self-Service Cancellations

You can cancel your subscription renewal directly from the dashboard:

1. Navigate to Billing > Settings.
2. Click Cancel Renewal.
3. Provide feedback and confirm.
4. Your renewal status will be set to 'Cancelled', and billing will stop on your next renewal date.

Advanced Subscription Billing Cycle Configurations

Aligning Multi-Workspace Invoices

If you manage multiple workspaces under a single user organization account, you can consolidate all workspace invoices into a single monthly billing statement. Access User Settings > Organization > Billing Consolidations to select the parent payment card and sync the billing dates of all child workspaces.

Payment Method Grace Periods

If a renewal charge fails, our system automatically grants a 7-day grace period. During this period, the account remains fully functional. Standard notifications are emailed to billing coordinators. If the card details are not updated within 7 days, the workspace will transition to read-only state.
